

LadySuccess toploader

A business bag in the modern shopper look

The cushioned notebook compartment of the LadySuccess protects your notebook perfectly.

Documents are easily stowed in the spacious interior compartment or in the slot compartments, whilst the integrated workstation creates order for mobile phones, pens, business cards and the like. Power supply units can be comfortably stored in the separate cable bag and in an additional zipped compartment you can keep make-up, mirror, and other personal effects.

The long shoulder straps provide comfort in transit, and keep the LadySuccess close to the body to protect mobile equipment from pickpockets and opportunity theft.

Diligently stitched seams and shoulder straps in bicolour optics emphasise the looks of this noble bag. With the reinforced bag floor the LadySuccess will always keep its form.

Available in black.
